

# 公募制入試（英語学科）面接試験サンプル

英語の短い文章が書かれたカードを渡し、その内容について意見を表明させ、質疑応答をする。

（英文例）

## Smart Phones and Social Anxiety

These days it seems that everyone has a smart phone. These devices allow people to escape their daily lives and enter a world all of their own, making it easier for them to avoid interacting with others. Some people believe that younger people are becoming more socially anxious and less able to communicate with others because they can hide behind their smart phones.

（問）

What is your position on this matter? Do you agree or disagree with the above? Explain yourself as best you can. Use whatever information or examples you can think of to support your position.
